

EcoCan

Safe & Sustainable Beverage Can Ink

Helps brand owners and decorators achieve their sustainability goals and consumers feel confident in their product choices.

High Strength • Excellent Adhesion • Abrasion-Resistant

EcoCan is the industry's first and only eco-friendly metal decorating ink to receive a Gold Level Material Health Certificate from Cradle to Cradle Products Innovation Institute. It is formulated with LoVOC and contains no substances on the C2C certified banned chemical list.

Environmental Impact

EcoCan inks are developed according to the C2C® material health principle based on materials that are inert to the environment and safe for the human health and enable use in a closed biological loop system.

- Utilizes LoVOC formulation and materials by ensuring no carcinogenic, mutagenic, or reproductive toxic risks.
- Adheres to the Material Health Principle, designing ink solutions based on environmentally inert and human-safe materials.
- Ensures compatibility with closed biological loop systems, promoting sustainability and safety in packaging components.

Performance and Efficiency

The metal decorating inks are formulated LoVOC, BPA-NI and offer excellent print performance properties for high speed decorators.

- High strength
- Abrasion-resistant
- Excellent adhesion
- Good mobility
- Low Misting
- Superior fabrication properties
